Somerset Children and Young People’s Plan
Help us to get it right, come and have a chat with us to tell us what you think. Every few years services that work with children and young people in Somerset have to plan how we will work together to make sure children and young people get “support when they need it and opportunity when they want it”. As the outcomes of this plan affect you – we want to hear your views on it! PoP uP is an opportunity for children, young people and parents to tell the council what is important to children and young people growing up in Somerset? What do we need to improve to help you achieve your best? What would you like to see more of or less of in Somerset? Come and tell us! You’ll be entered into a prize draw for a chance to win one of 5 iPod shuffles.
